Thanks to Our 43rd Annual Summer Arts & Music Festival Staff & Volunteers
Welcome Back to the Summer Arts & Musical Festival!

Dear Mateel members and community at large,

This last calendar year has been a tumultuous one for the community center, a year fraught with challenges, of setbacks and also of triumphs and savory moments of real tangible pride.

It is no secret that the Mateel has been operating under tremendous debt, so it is a bit of a miracle born of hard work, determination, and of understanding creditors that we write this message to you today.

Among the notable events, we saw Reggae on the River saved from the ashes of our debt and in partnership with High Times Productions the 34th annual was produced at French’s Camp.

We also have kept the hall open for business and have seen so many events happen there, we are talking workshops, awards dinners, weddings, birthdays, meetings, theater and concerts. It is with great pride that this working board of directors and a small support staff has kept this wonderful space open.

So here we are, arriving again at the Summer Arts and Music Festival, this folks, is tradition, and a long running one on that, 43 years to be precise, here in our neck of the woods, this special annual event is where we gather under the sun and stars to celebrate and share stories, and watch our children grow up, year after year!

It is with great pride that we present to you this year’s festival, and it is with great adversity that we are able to do so, your help is appreciated, if you’re not yet a member, please stop by our information booth located near the main entrance and sign up.

We would like to thank everyone over this last year who has rolled up their shirt sleeves and pitched in to help make this event possible, from our business donors to that volunteer you may have passed by up their shirt sleeves and pitched in to help make this event possible, from our business donors to that volunteer you may have passed by

Please take your time as you stroll the fairway to marvel at the many arts, crafts and artisan items for sale, this is an authentic local economy at work here and an opportunity to spend whilst keeping your dollars here along the North Coast.

Stop in with your family at our Kid’s Zone, a place for young people of all stripes, to learn, to listen and to play!

Please do partake of our varied and exciting options for food, and for drink, adult libations are available now at the south end of the festival located at Lunar Stage, and many thanks go out to our sponsors that provide us with the beer and wine for sale at both bars at either end.

Please study our artist line-up—we have music for everyone here! You may like to dally at the Lawn Stage for genuine local bands and for the belly dancing performances, or follow the sound of the bass, to Lunar Stage where DJs spin away the hours on a world-class sound system. Our Trees Stage located near the entrance will be sure to draw you in with performances ranging from Zydeco, Blues, Rock and Roll, all the way up to our two evening headliners—Saturday catch from Australia, the lovely Nattali Rize, and Sunday hailing from Southern California, the legendary Long Beach Dub All Stars!

Enjoy!

Laci Dane ~ 44
Our cover artist, Laci Dane born and raised in Montana, where the abundant natural beauty was a major influence in her decision to study art. She attended Montana State University and majored in oil painting. After moving to northern California, she began to develop her unique style, characterized by her deep love of color alchemy. To explore the relationship between color and depth, she incorporates raw materials and experiments with new surfaces. She enjoys the challenge of creating a series of paintings that follow a common theme, and then switching to a new and completely different point of focus. Experiencing the process with people enriches the bigger picture. Laci Dane’s young daughter is her most important critic—her high praise, when earned, is worth its weight in gold. The artist also enjoys sharing her skill set through live painting, mural work, teaching, and mentoring young artists. Her vision is built around the idea that art is the glue for a healthy community, and she works to integrate creative beauty with community structures and events. The possibility of moving others, is the motivation behind her work, as well as the reward.
